What We Need to Know Before Giving Advice:

- **Your Income.** All persons using the Telephone Advice Project must be eligible under the regulations set by our funding sources. When you call, your eligibility will be screened by an intake worker.

If you are eligible for the Telephone Advice Project, you will be connected to the attorney to discuss your situation.

- **Paperwork.** Before calling, be sure to have any paperwork, letters, leases, contracts, etc., regarding your problem with you. The attorney may ask for this information.

What will the Advice Attorney Do for Me?

- The attorney will provide advice or educational information that will help you understand or resolve your situation.

The attorney may also provide information about other human services organizations which may be of help to you.

- In some cases, the attorney will refer your case to another MidPenn attorney or a volunteer attorney through the Pro Bono Project.
